

PIDA PAP 2 (2021-2030)

Context and Objectives of the training

- TRAINING OF RECs AND MS on the submission process of PIDA-PAP 2
 - ❑ Master the integrated corridor approach
 - ❑ Understand the selection criteria and their application to projects
 - ❑ Overview of tools used in the selection process

- 1. Support to Project identification.** Project identification based on a “bottom-up” approach.
- 2. Project selection.** Screening process to prioritize the best projects.
- 3. PIDA PAP 2 list adoption process.** A continental technical workshop, STC for validation, AU Assembly for adoption.
